

Fall 2013

Well, it's almost Fall again and it is time to think about renovating the lawn. The warm days and cool nights of late Summer/early Fall present ideal growing conditions for the turf type, tall fescue blends that are most commonly used in the Central Virginia area. At the Cottage Gardener, we recommend the SOD program as recommended by our friends at Virginia Tech Extension service for a healthy and vibrant lawn next Spring.

September/Early Oct.

Aerate, Overseed, Fertilize, and Lime

October/Nov.

Second Application of Fall Fertilizer

Nov./December

Final Application of Fall Fertilizer

Our Products

We are proud to feature the following products from Herod Seed:

- Dolomitic Lime
- Earthworks Organic Fertilizer
- Trinity Turf Starter Fertilizer
- Fall fertilizer - slow release

Package Pricing for the SOD Program

- 5000 S.F or less lot size - \$185.00
- 5000 S.F to 10,000 lot size- \$205.00
- 10,000 to 15,000 lot size - \$245.00

Please note any part of the SOD program can be purchased separately if that better suits your needs, please refer to the matrix below for pricing on individual services and products.

Don't worry about figuring lot size, we'll do that for you. As a rule of thumb, most of Bellevue's lots are around 5000 square feet. Most of the lot sizes for Ginter Park would be in 10,000 square feet size.

Are you an existing customer? Take 10% off the package price or individual service. Season long grass customer gets you a 15%
